Materials handling solutions for a better world

As Viscount Plastics (Aust) P/L has borne the cost of development of the products and tools, it is to be understood that all intellectual property rights, including patents, registered designs and copyrights are the property of the company. Viscount shall not accept liability of any kind arising out of the misuse of these products or use for any purpose other than there indicated herein. All information supplied in this bulletin was correct at the time of printing. Viscount retains the right to change specifications without notice in accordance with the policy of continued product development.

Version 1 2009

All products are manufactured from either polypropylene (temperature range -0°C to 130°C) or high density polyethylene (temperature range -20°C to 100°C). The above temperature performance limits are dependant upon application, crate design and top load requirements.
